◆ Company Profile – ROYAL GROUP

Headquarters: Royal Supply (Tianjin) Co. Ltd

Branch Company: Royal Guatemala S.A. / Royal USA Group LLC

ROYAL GROUP

Royal Guatemala S.A.

Royal USA Group LLC

◆ Company Profile -- ROYAL GROUP

Agents:

Asian Market: Philippines

Middle East Market: Turkey, Saudi Arabia

Africa: Congo, Gambia, Tanzania

Latin America: Mexico, El Salvador, Honduras, Nicaragua, Colombia, Ecuador, Chile, Brazil, Uruguay, etc.

Production Lines:

Steel Pipes Production Line in Tianjin, Hebei Province

GI and PPGI Coil Production Lines in Shandong Province

Other Supply Chains:

Steel Plates, Steel Profile, Rebar, Steel Wire/Rod, Stainless Steel, Machinery, etc.

Certificates -- ROYAL GROUP

PART ONE

Steel Pipes

◆ Steel Pipe Standard&Size -- ROYAL GROUP

Spiral Submerged Arc Welded Pipe (SSAW)

Helical Submerged Arc Welded Pipe (SAWH)

Standard

API5L GR.B-X100 PSL1 PSL2

ASTM A53 GR.A GR.B /A252 GR.1 GR.2 GR.3/A572 GR.50 GR60 GR65

EN10219 10210 10217 10255 S235JRH S275JRH S275J0H S275J2H

S355J0H S355J2H

Size

Outside Diameter : 219.1 - 2540mm

Wall Thickness 5.0 - 25.4mm

◆ Steel Pipe Standard&Size -- ROYAL GROUP

Longitudinal Submerged ArcWelded Pipe (LSAW)

Standard

API 5L GR.B-X100 PSL1 PSL2

ASTM A53 GR.A GR.B /A252 GR.1 GR.2 GR.3 /A572 GR.50 GR60 GR65

A671 CA55-CA70/A672 A45-C70/A691 CM65-9Cr

Size

Thickness: 4.5mm—250mm Width: 1000-3500mm Length: 4000-19000

Thickness: 10mm—150mm Width: 1500-4500mm Length: 4000-19000

Thickness: 8.0mm—700mm Width: 1500-3500mm Length: 4000-19000

PART FOUR

Project Cases

(Port Inspection) Pipeline Project -- ROYAL GROUP

Project location: North America
Product: SMLS STEEL PIPE
Standard and material: API5L X52 PSL1
Quantity: 1300 Tons

Specifications: OD 411mm, WT 12.7mm, Length 12.2m.
Application: Oil & Gas
Two overseas marketing managers took a group photo with the company's goods in the client's factory area.

▶ (Factory Inspection) Pipeline Project -- ROYAL GROUP

Project location: South America
Product: SMLS STEEL PIPE
Standard and material: ASTM A53 Gr.B
Quantity: 3,200 Tons

Specifications: OD 101.6-411mm, WT 9.5-12.7mm,
LENGTH 6-12m.
Application: natural gas pipeline maintenance & replacement

(On-site Construction) Pipeline Project -- ROYAL GROUP

Construction of 10.8 km of 10 " diameter onshore pipeline, including 6" diameter HDPE fiber optic, works in separation battery and compression station, launching of pipes in swamp area and HDDs.

Offshore works using 1,350-meter HDD, which makes it the longest arrival in Mexico.

(On-site Construction) Pipeline Project – ROYAL GROUP

(On-site Construction) Steel Structure Project – ROYAL GROUP

Project location: Middle East
Product: Steel Structure Products
Steel Consumption: 4800 tons

Land Area: 10,000 square meters
Application: School Construction

(On-site Construction) Steel Structure Project -- ROYAL GROUP

Project location: North America
Product: Steel Structure Parts
Steel Consumption: 5500 tons
Application: Hospital construction

Project location: South America
Product: Steel Structure
Steel Consumption: 1500 tons
Application: Business Center

(On-site Construction) Steel Structure Project – ROYAL GROUP

(On-site Construction) Steel Structure Project -- ROYAL GROUP

Project location: Central America
Product: Steel Structure
Project area: 14000m²
Application: Textile factory workshop

(On-site Construction) Steel Structure Project – ROYAL GROUP

Project location: Central America
Product: Steel Structure
Project area: 50000m²
Application: 20-Story Apartment project

(On-site Construction) Steel Structure Project – ROYAL GROUP

Project location: North America
Product: Steel Structure
Project area: 12000m²
Application: Large-scale supermarket

(On-site Construction) Steel Structure Project -- ROYAL GROUP

Project location: Asia
Product: Steel Structure
Project area: 14000m²
Application: Warehousing center

(On-site Construction) Steel Structure Project -- ROYAL GROUP

Project location: Asia
Product: Steel Structure
Project area: 5000m²
Application: Warehousing center

(On-site)Construction Project -- ROYAL GROUP

Project location: Ecuador
Product: Steel Plate&Rebar
Steel Consumption: 3200 tons
Application: Warehouse construction

Project location: Guatemala
Product: Steel Plate, Steel pipes
Steel Consumption: 2200 tons
Application: Church construction

PART FOUR

Additional Services

Royal Quality Control System

Raw material inspection (chemical composition, physical properties)

Production process control (machine adjustment)

Inspection of finished products (dimension, surface, chemical, physical)

Final inspection before shipment (package, quantity, weight, label)

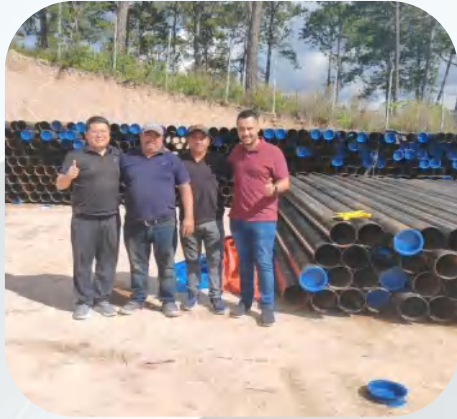

Port Loading Supervision

We monitor the loading process 24 hours a day at seaports such as Tianjin Port, Shanghai Port, and Lianyungang Port.

Assist Customs Clearance

Mr. Michael, the overseas marketing manager, go to the client's destination port to assist with customs clearance and then arrive at the warehouse to inspect the quality of the goods.

Customers Visit

New and regular clients from different countries personally visit ROYAL's offices to showcase the company's office space and factory facilities. The ROYAL team also travels to client countries for in-depth visits.

ROYAL Team Showcase

Every member in Royal is pursuing their dreams and shaping the blueprint of enterprise through their hard work and great effort. By creating classics with quality, serving customers with sincere heart, achieving excellence with honest reputation, all the Royal members are stepping towards a much brighter future, with full enthusiasm and passion.

Corporate Philanthropy

Over the more than 10 years since our company was established, we have been dedicated to public welfare. We have made more than 80 donations, which include: patients with major diseases, disabled children in welfare institutions, orphans and widows, and major disaster, hometown revitalization, impoverished students, etc., support students with love, and help the children of colleague who is sick helping them fight the disease together and, the total amount of materials and funds is more than 5 million RMB.

ROYAL SUPPLY(TIANJIN)CO.,LTD

Core Values

Moral support, do business after being a person with virtue
keep passionate, stay true to the mission.

Business Philosophy

Treat customers as friends, treat employees as family, build
a first-class foreign trade company and creat a working
atomosphere full of love and warmth.

Company Vision

Royal builds the world! Let the world know “Made in China”.

Welcome to Royal ! Thank you !

THANK YOU

WELCOME TO COOPERATION

ROYAL BUILD THE WORLD
